Party Details

The party will begin on July 15 at 8:00PM EST on my FaceBook page and YouTube Channel "The Stamp Camp".

You will want to sign in by commenting with your name and state you are from ASAP so you get your entry into the box.

I will be doing product demonstrations; including tips and techniques.

Towards the end of the party I will be showing how to assemble your Make and Take if you registered by July 8th. There is no stamp set required for the Make and Take.

I'll also have some surprises throughout the party.

I'm going to try and stick to an hour long party.
