- DSP: Lights Aglow (159535), Gingham Cottage (159651)

## Measurements:

- Card Base: Thick Basic White: 11" x 4 1/4"; score at 5 1/2"
- Layer #1 Pure Poppy: 3 5/8" x 4 5/8"
- Layer #2: Gingham- 3 1/2" x 4 1/2"
- Layer #3: Tags- need pieces at least 4 1/2" x 2 1/2" to die cut tags  
bottom tag is Sweet Sorbet Glimmer paper; middle tag is Lights Aglow DSP  
and top tag is Thick Basic White
- Camper: Mint Macaron and Pure Poppy small pieces for body of camper, small piece Pure Poppy Glimmer paper for middle section of camper, small Shaded Spruce for wreath, small pieces Lights Aglow for door, curtain and bow

## Instructions:

- In a small paper cup place water and Sweet Sorbet ink refill to desired strength. Add crinkled white seam binding to dye pink color. Sample shows 2 bows which used about 18-20 inches of ribbon. The more ink refill added the darker the ribbon will be. Remove from water mix when desired color and allow to air dry.
- Cut and fold card base. Attach Layer #1 and Layer #2 to card base.
- Die cut 3 tags as described above. Add light blending to Thick Basic White tag using Pool Party ink covering the middle of card. Refer to photo.
- Splatter a few drops of Memento Black ink onto white tag using 2 old small paint brushes- dip 1 brush into ink refill then lightly tap the stick portion with another paint brush.
- Stamp sentiment "Joy" in upper portion of white tag.
- Die cut all pieces of camper: Refer to measurements section for details. Assemble all camper pieces referring to photo. Attach camper to the prepared white tag. Color the wheel and post with Basic Black marker. Window is left open to show some of the Pool party shading on tag.
- Layer the 3 tags with Glimmer paper tag on bottom, Lights Aglow DSP in middle and White camper tag on top. Add flat jingle bell trinket with small piece of the dyed ribbon then add ribbon forming a loose bow. Sample shows double bow and extra strands from the tied-on trinket.
- Attach tags to card front.
